

## **Exclusive Sheshan Golf Club selects the Inforemer GPS solution**

### **Trend of top Asian clubs choosing the world's most advanced solution continues**

August 15, 2007 -- GPSi Asia, distributor of the Inforemer-HD™ solution, the leading innovator of Wi-Fi enabled GPS systems for golf facilities, resorts and residential communities, is pleased to announce another customer in one of China's major golf markets.

Shanghai's Sheshan Golf Club is an exclusive private club with an 18-hole Nelson & Haworth course and is the host venue of the HSBC Champions tournament, one of the biggest events in Asia being a joint sanctioned event between the European and Asia Tours that has featured the appearance of world number one, Tiger Woods for the last two years.

GPSi Asia will equip Sheshan Golf Club's entire fleet of 85 golf carts with GPS Industries' award-winning Inforemer-HD™ GPS Management Solution so that its golfers will enjoy the finest screen graphics, video flyovers of each hole, with the most accurate GPS system and further cement the club as one of the premier golf clubs in Asia. It will also feature the exciting Fire at the Flag™ program, the world's only daily progressive jackpot hole in one program. Fire at the Flag™ is offered on more than 100 golf courses around the world with a US\$10 million annual jackpot shootout.

In addition Sheshan has also chosen WiStream's "HomeTour", a product that leverages on the Inforemer's WiFi and GPS infrastructure to market the club's surrounding real estate sales.

GPSi Asia's Director of Sales Glen Goh commented, "In the last few years, the best golf clubs in America and Europe have been using Inforemer's GPS technology to set higher standards. This year, this trend has arrived in Asia with the signing of its two leading clubs, Sheshan and Sentosa Golf Clubs, a testimony to the Inforemer's ability to work everywhere in the world with its patented WiFi and Differential GPS technologies."

Sheshan Golf Club is GPSi Asia's third customer in China after Jinji Lake Golf Club in Suzhou and Bayhood No. 9 in Beijing and its fifth customer in Asia along with Sentosa Golf Club in Singapore and Mangilao Golf Club in Guam.

#### [About GPSi Asia](#)
